

LOST HILLS FREE FLIGHT MODEL AIRFIELD ASSOCIATION

It is once again time to renew our membership to the LHFFMAA. After consideration by the Board the basic dues for 2017 will remain at \$20/year, however to renew for \$20 you must send your renewal form and check in by January 15, 2017. Because quite a few flyers did not register by mail prior to last year's Isaacson's Winter Classic, the first contest of the year, there was a sizable bottleneck at the sign-in table caused by on-field renewals which placed an undue burden on the CD running the contest.

On-field renewals throughout the year and the subsequent continual need to update AMA records is another really time consuming job. Therefore in order to encourage early membership renewal, all renewals made after January 15, 2017 and all renewals made on the field will be \$25. The two year discount renewal is still \$35, except, as noted, if it is made after January 15, 2017 or made on the field; then it will revert to \$40/2 years (\$25 + \$15).

Juniors 19 years old and under will receive free Lost Hills membership. However, juniors must be a member of AMA.

There is also a yearly family discount rate for two adults living in the same house for \$35. The family discount for two years is \$65 (\$35 + \$30). The family discount after January 15th or made on the field for two years is \$80 (\$50 + \$30).

There is no penalty for first time members or for flyers from a foreign country.

Note: Quite a few members paid for two years last year so don't send dues if you have already paid for 2017. Please look on the web site to verify your status. www.lhffmaa.com/ go to 2017 membership
